COUNTRY THUNDER MUSIC FESTIVALS RENEW CONTRACT WITH PREMIER GLOBAL PRODUCTION FOR STAGING AND LIGHTING

Nashville, TN (January 25, 2012) – [Troy Vollhoffer](#), President of **Premier Global Production**, has, once again, been tapped to provide production, including staging and lighting, for **Country Thunder Music Festivals** through 2015. Premier Global Production has been the production vendor of the festival for over 16 years.

“A reputation takes time, sweat, trust, hard work, persistence, dedication and the unwillingness to quit at the first site of risk,” says **April Harbour**, **director of operations** for Country Thunder. “We are thrilled to continue our partnership with Troy Vollhoffer and Premier Global Production for both Country Thunder festivals.”

The management team of Country Thunder consists of a group with years of experience in the festival industry and deep ties to the Nashville entertainment community. These two assets alone ensure an organized and efficient event that offers A-list talent every year. The philosophy of the group is to provide the best talent available to fans, to build a positive festival experience and to provide the best value for that elusive entertainment dollar. Organizers strive to be good corporate citizens, supporting many non-profit and charitable organizations in the surrounding areas, as well.

Over the past four years, Country Thunder has seen an increase in patronage amounting to over double its original size.

Country Thunder Ticketing Information:

For full access to the festival, you can purchase a **4-day pass for only \$120**, and new this year, the festival is offering the opportunity to purchase seats closer to the stage with **(GA) RSVD seating** with prices ranging from **\$200-\$375**. Another great addition this year is the new hotel + transportation packages offered through Country Thunder, so be sure to visit www.countrythunder.com or call **(866) 802-6418** for further information or to purchase all things Country Thunder!
